Brookleigh's New Bus Services

Here's what you need to know

Introducing the new bus services

From Monday, 11th May, Brookleigh residents will benefit from new dedicated bus services funded by Homes England and operated by Compass Travel:

- **Peak time 38 Service**
- **Off-peak '38 Flex' Service**

Compass Travel are already a long-established operator of bus services in Burgess Hill. They know the area well and have already worked successfully with West Sussex County Council.

You can find out more about them here: **www.compass-travel.co.uk**

Key information about the services

The new 38 Service routes run from morning to evening, 7 days a week, with a designated AM and PM school service adding to the timetabled service.

Compass Travel buses offer accessibility for wheelchair users and those with auditory and visual impairments. You'll find key information about both services on the next page.

The 38 Services: How often and how much?

Peak time travel 38 Service

At peak times, Monday to Saturday, the timetabled buses will run up to every 30 minutes. At these times, the bus will serve all stops, meaning you can just turn up, hop on, and travel as normal, like on other Burgess Hill routes. Over the page, you'll see the bus timetable and how the route connects directly to Burgess Hill Town Centre and Railway Station.

Adult single fares are **£2.40 (return £4.60)**, and available to purchase on the bus via cash or contactless payment. You can conveniently check the full timetable, costs (including concessions and travel passes), and other service information on the Compass Travel app and website. The app is downloadable at: **www.compass-travel.co.uk/download-our-app**

Off-peak travel – The '38 Flex'

The new flexible service will keep you moving during off-peak times, including Sundays and Public Holidays. The '38 Flex' (replacing the previous 'flexibus' service) will give you access across Burgess Hill by booking your travel and stops using the new **'Brookleigh 38 Flex' app**.

This app is dedicated to booking and managing journeys on the '38 Flex' Service (separate from the Compass Travel app) and is downloadable on iPhone or Android.

Where can you find out more?

Your easy reference point for more information.

Compass Travel 38 Service

To find out more information about the bus service provider, Compass Travel, visit their website:
www.compass-travel.co.uk

Check the full 38 Service timetable, costs, and other service information on the Compass Travel app, downloadable at:
www.compass-travel.co.uk/download-our-app

They can also be contacted by email (office@compass-travel.co.uk) or phone (01903 690025).

Brookleigh's '38 Flex' off-peak service

The new **'Brookleigh 38 Flex'** app can be downloaded from your iPhone or Android app stores, letting you book the on-demand bus services when travelling at off-peak times.

Download on the App Store

GET IT ON Google Play

We look forward to welcoming you aboard from Monday, 11th May.

Compass Travel Service 38 Timetable – from Monday 11th May 2026

Timetabled Service operates Monday to Saturday
