● SOUTH DOWNS NATIONAL PARK

The **South Downs National Park** is an area of outstanding natural beauty just on the other side of Burgess Hill, well within cycling distance from your home.

Here you will find numerous cycling routes, such as **Hassocks to East Chiltington** (17km), which would see cyclists ride through lovely countryside via a mixture of paths and paved roads.

An alternative route is the **Hassocks and Ditchling Beacon Circular** (14.5km). This route promises to provide scenic views (once you have passed the steep incline at the start!)

For experienced cyclists, the **Jack and Jill Windmills to Beddingham Hill** (53km) route ensures to be rewarding. This beautiful trail connects to the **South Downs Way** (Winchester to Eastbourne) and would see cyclists pass **Keymer Post** and **Castle Hill**.

EXPLORING BURGESS HILL THIS AUTUMN

There is a wide array of history, wildlife and amenities right on your doorstep!

Burgess Hill Town Council have produced a map titled '**History Trail**' to assist residents making recreational journeys around Burgess Hill. This provides two walking routes which would see walkers taken around historical buildings and key figures.

Burgess Hill Town Council have also produced a '**9 Walks around Burgess Hill**' leaflet which would see walkers traverse meadows, nature reserves, Burgess Hill and the Green Circle Network. The closest route to your home is the Ote Hall Circular (4.3km) which starts at Burgess Town Football Club, approximately 10-minutes away from your home. This leaflet identifies pubs and cafés on route, so no matter the family member, there is an excuse to get them active this Autumn!
